

## Windows Desktop: Installation

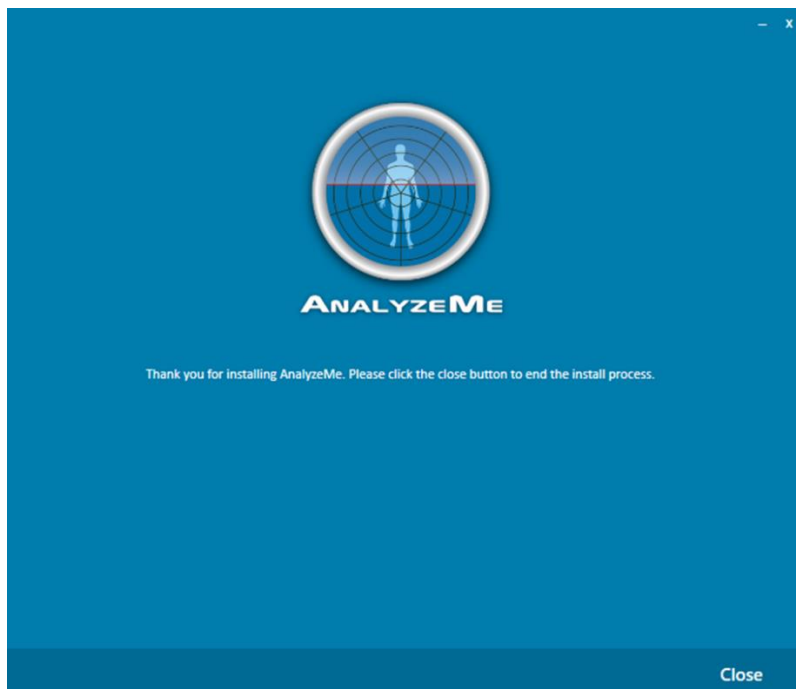

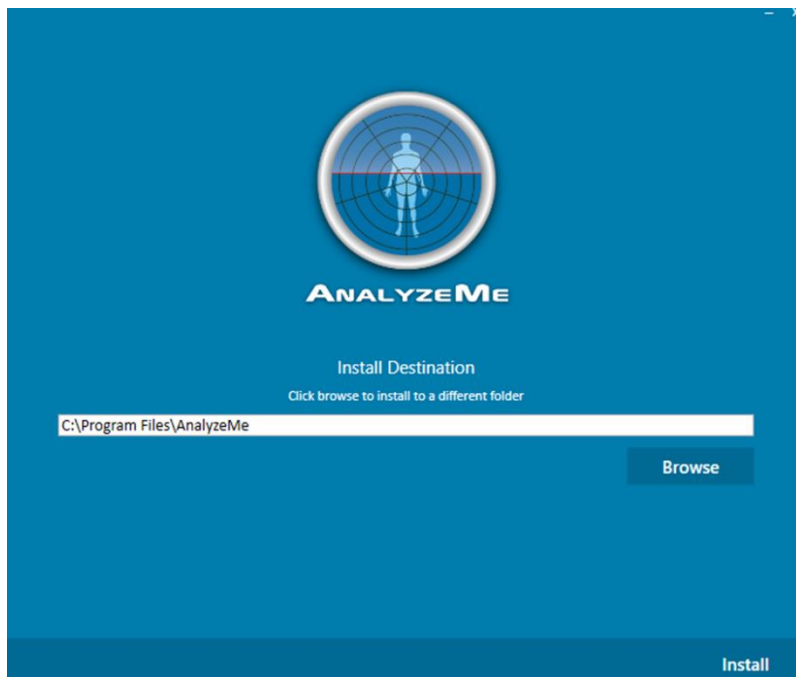

**Step 1** – Click the provisioning link that is sent to you by your panel manager, this will initiate a download of the necessary installation (.exe) file that you will need to use to install the Windows desktop app.

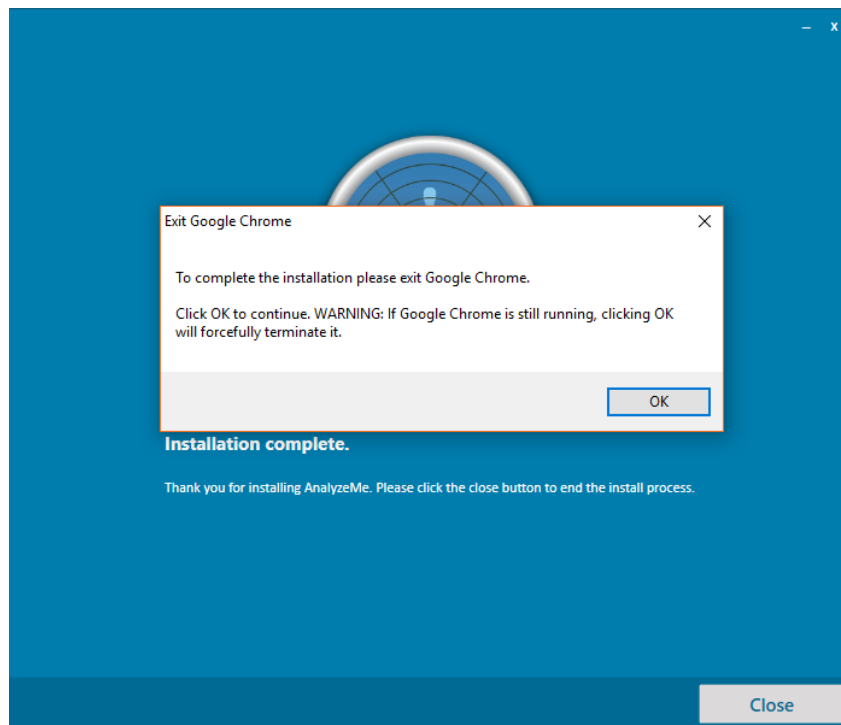

**Step 2** – Open the .exe file to begin installation and follow the on screen prompts

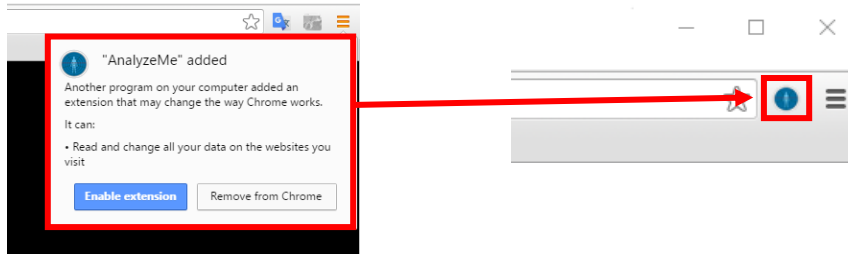

**Step 3** – Choose installation destination and click install. Accept any prompts from Windows to allow installation to complete.

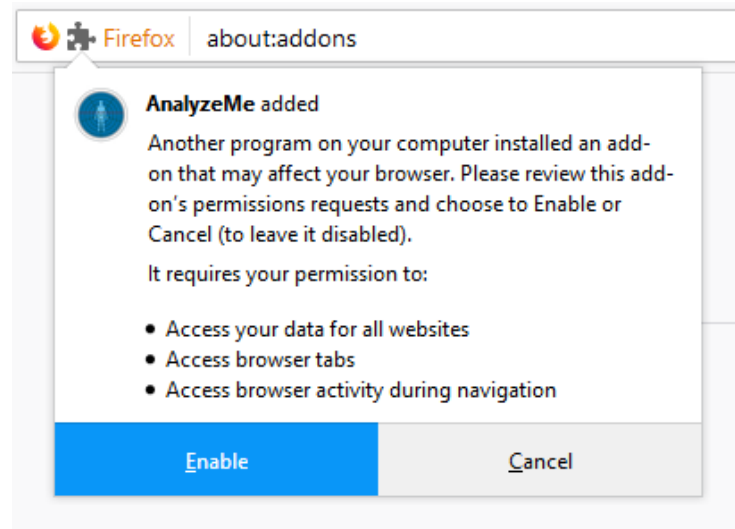

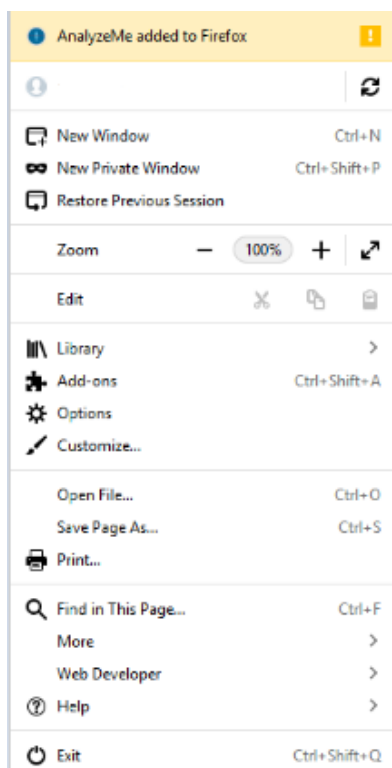

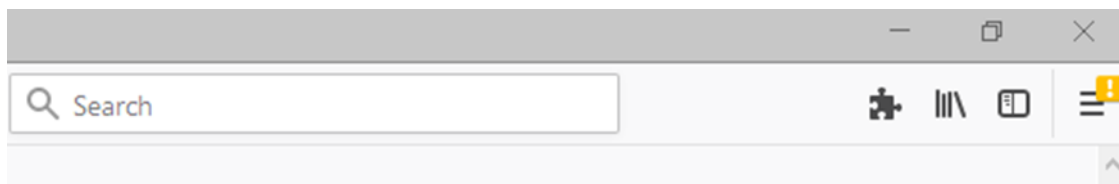

**Step 4** – If you are using Chrome, an extension will be installed alongside the app. NOTE: If Chrome is running, you will receive this prompt; click 'OK' to proceed

**Step 5** -When Chrome restarts, this pop-up window will appear. Be sure to enable the extension. If the Chrome prompt disappears, simply click the three-bar icon and enable from the drop-down list. The icon will then confirm that the extension is installed and running.

Next time Firefox is running, you will see a yellow exclamation mark under the 'Open Menu' icon. Click this, then click on the 'AnalyzeMe added to Firefox' icon. Then click 'Enable' on the next screen to activate the plugin.

**Step 6** – Next, you will be shown the screen that contains the Terms & Conditions, and the Privacy Policy. Read through these and click Accept to continue.
